ORPS website: http://www.eh.doe.gov/paa/orps.html

Increased ORPS Reporting

Suspect/ Counterfeit and Defective Items

*Partial Year

Year	# Reports
2000	30
2001	46
2002	29
2003	54
2004	131
2005*	67
Total	357

Details Are Important

Include the following items:

- **Manufacturer/supplier/vendor (include contacts, phone numbers, and websites)**

- **Model/part numbers**

- **Size of item**

- **Quantity of item**

- **State suspect, counterfeit, or defective and why**

- **Usage application**

- **Method of discovery (how found?)**

Details Are Important

Include the following items (cont'd):

- **When found?**
  - **During inspection**
  - **Before installation**
  - **In service**
  - **Failed**
- **Final disposition of items**
- **Similar ORPS reports**
- **Notifications made (e.g., IG)**
- **Hyperlink photos, if possible**

Importance of Timely Reporting

Timely reporting of all identified items is important

- **Provides notification to the complex**

- **Could be applicable to other sites**

- **Nonsafety-related items for you may be safety-related elsewhere**

- **Items found in a search over a limited timeframe/walkthrough can be reported as a single ORPS report**
